
WASHINGTON DAFFODIL SOCIETY

BULB ORDER - 2023

ORDER DEADLINE – April 28, 2023

Dear WDS Members,

Welcome to the Washington Daffodil Society bulb order for 2023. Thank you for your past support. We truly appreciate all of your kind comments, and are thrilled to be able to supply you with a diverse selection of show quality bulbs. As you study our list, please remember that the Mid-Atlantic will sponsor the 2024 ADS Convention starting April 10 at the Dulles Hilton. Because Karen and Kathy are co-chairs of the Convention, **we will not have a bulb order in 2024**. Thank you for your understanding and happy shopping.

WE ENCOURAGE YOU TO VIEW EACH OFFERING YOU ARE CONSIDERING ON DAFFSEEK. We have included pictures for most not in Daffseek.

The bulbs on our list are of show quality and most should thrive in your garden landscapes. Some are show-quality bulbs that have not been readily available recently. Others are new and highly recommended. Where noted, there are limited quantities, so ordering early will increase your chances of receiving the bulb.

Explanation of classification and color coding: the number is one of 13 Royal Horticulture Society divisions -- 1 is trumpet, 2 is large cup, etc. The letters indicate color; perianth color follows the division number, and the cup color beginning at the eye is shown after the hyphen. (Y = yellow, W=White, G = green, O = orange, P = pink, R = red.) The name of the originator and date of registration follow. Blooming time is signified as E = early, M = mid-season, and L = late.

HERE ARE THE BUY-LAWS

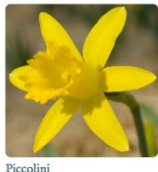

- Prices are for each bulb unless otherwise stated.
- ALL BULBS ARE OFFERED SUBJECT TO CROP VARIATIONS.
- Most importantly, an **April 28th deadline** must be adhered to. Any later and we risk that our suppliers will have sold out of some of the choice bulbs.
- For “limited supply offerings”, **we will not reserve bulbs.** They will be given to completed orders in order of receipt. Once supplies run out, refunds or substitutes will be given as designated on the bulb order.

- Bulb pick up and bulb exchange will be on **Saturday, October 28th**. **You will be notified of the venue.** Don't miss the live auctions and amazing bulb picks!
- If you plan to attend the WDS meeting, your bulbs will be available there so please **DO NOT ADD POSTAGE.**
- If you place your order through one of our valued **garden club memberships**, please designate your club, **BUT ORDER INDIVIDUALLY.** Last year the large bulb orders were too difficult to manage and bag.
- We're sorry but we cannot deliver your bulbs to other meetings.
- **Shipping within a 50 mile radius is discouraged. Please plan to attend the Fall meeting.**
- SEE ORDER FORM FOR SHIPPING RATES which include insurance.
- Mail order bulbs will be shipped out the first week of November at the latest. We acknowledge that this is somewhat late, but bulbs shipped by our European vendors are routinely delayed by customs and agricultural holds. We will ship them sooner if possible. Last year they were all shipped by the fall meeting.
- Finally, please **DO NOT USE STAPLES.** Kathy's fingernails suffer terribly having to take them out of checks and stapled papers.

Don't blame us when you can't stay within your budget this year!

Karen Cogar and Kathy Welsh
