Orchids STANDING ORDER FORM

About the Service:

The most popular modern flora stamps have always been those with "**Orchids**" Thematic or Topical content and now increasingly so. It is for this reason that we operate this specialist service and we have done so for nearly thirty years. I personally select for each customer his likely requirements.

We send deliveries approximately every 8 weeks for **Orchids** minimum shipment £25. Though it is very difficult to forecast annual expenditure on this theme, in 2019 it was around £10 a week for **all mint Orchids**.

In addition to a standing order where you take all issues we can send regular, updated listings from which you may pick & choose some back issues. For **Orchids** lists are usually sent every 3-6 months allowing a reasonable accumulation of back issues to be listed.

Our charges vary according to source of supply, on average we aim to make a 12% net profit on the service. Our prices are average though we have never seen another listing to compare with the comprehensive nature our own. We have over 100 different world-wide suppliers to ensure as complete coverage as possible.

We also make every effort to obtain odd values from mixed Flora sets (i.e. where one or two are **Orchids** & the rest other types of flower). **This important aspect is usually missing from other New Issue Services**. Alternatively you may wish to collect the complete set containing any relevant odd **Orchid** stamps (see item #2).

Only one months notice is usually required for alteration to, or cancellation of any standing order.

Enquiries concerning this service are most welcome, if you are phoning please ask to speak to Mark O'Neill. Or Email to the above address.

PLEASE SUPPLY THE FOLLOWING: (please tick those required).

- 1). Please supply Wholeworld mint (all issues)
- 2). I would prefer odd values but will accept full sets to obtain relevant items ...
or I would prefer to receive all full sets and no odd values
