

# Proven Selections® Collection

Consumers across Canada know Proven Winners plants are exceptional performers. They also choose varieties from our Proven Selections Collection because they know that these plants have been selected by Canada's top growers for their beauty, vigour, disease resistance, and strong performance across Canada.

Some of the varieties are classic favourites, while others are unique introductions, but all of them are a result of selective breeding processes that produce hardier, more vibrant, and better blooming plants. They are beautiful alone or in combination with other Proven Selections or Proven Winners.

MYSTIC™ Dreamer and MYSTIC™ Illusion *Dahlia* hybrids

Firetail Chenille Plant *Acalypha pendula*

Green Twist *Agrostis stolonifera*

Black Scallop *Ajuga reptans*

Oriental Limelight *Artemisia* hybrid

SILVER CASCADE® *Artemisia stellerian*

BIG® Red w/ Bronze Leaf *Begonia benariensis*

*Acalypha pendula*

### Firetail Chenille Plant

Fluffy masses of bright red chenille flower spikes are produced periodically during the year. *Sobkowich*

*Agrostis stolonifera*

### Green Twist

The bushy, grasslike foliage on this variety resembles bamboo with a healthy-looking, unique vining habit. Green Twist must be kept well watered during hot spells. Trailing habit. *Nordic*

*Ajuga reptans*

### Black Scallop

USPP15815

Dark as night foliage with gorgeously scalloped leaves. A knock-out in patio pots, combos, and as a striking accent with white, gold, or light-coloured plants. Blue flowers in the spring.

*Nordic*

*Alternanthera*

### Jewel

A truly unique colouration of variegated foliage in dark red, green, orange, yellow, and black, Jewel has a mounding habit.

*Nordic*

*Anagallis hybrids*

### WILDCAT™ Series

From the breeding program at the University of New Hampshire, Wildcat is a groundbreaking series of early-blooming, compact, large-flowered Anagallis. These plants make a stunning addition to any container blooming from April until November.

*Dentooms, Nordic, Sobkowich*

### WILDCAT™ Blue

USPP15137

Magnificent blue blooms.

### WILDCAT™ Mandarin Orange

USPP18845

Exquisite bright ochre flowers.

*Antirrhinum*

### ACROBAT™ Series

Snapdragons have never looked so beautiful. The Acrobat series features strong growers in vibrant colours. *Dentooms*

### ACROBAT™ Cherry Red

### ACROBAT™ Orchid

### ACROBAT™ Yellow

*Arctotis hybrids*

### THE RAVERS® Series

A collection that consumers rave about, the plants in this series feature a compact habit, silver leaves, and an impressive colour range. They bloom best during short days and cooler weather.

Great in baskets, combos, or pots. *Nordic*

### THE RAVERS® CHERRY FROST™

Bright red petals are offset with a distinctive golden eye. Mounding habit.

### THE RAVERS® PEACHY MANGO™

An abundance of orange-peach flowers marked with yellow gold tips are stunning against the silver foliage. Upright habit.

### THE RAVERS® PINK SUGAR™

Rose pink flowers and an upright habit create exceptional garden colour.

### THE RAVERS® PUMPKIN PIE™

USPP14732 Can1918

Everybody loves the vibrant orange flowers of Pumpkin Pie, especially when it's served up in a basket, combo, or pot. Upright habit.

### THE RAVERS® SUNSPOT™

USPP1667 Can1919

The blazing yellow-orange flowers maintain their colour and superb performance from spring to fall. Upright habit.

*Argyranthemum frutescens*

### COURTYARD™ Buttercream

USPP19167 Can3522

Double, soft yellow flowers create twice the impact in your garden. This strong bloomer tolerates the cool days of early spring and late fall as well as the heat and humidity of summer. *Nordic*

*Argyranthemum*

### Elsa White

Large pure white blooms held above the foliage. Extremely good garden performance. *Nordic*

*Argyranthemum*

### METEOR™ Red

USPP18435

Dark red blooms with a yellow centre on compact mounding plants. *Nordic*

*Artemisia hybrid*

### Oriental Limelight

USPP12788

Eye-catching variegated foliage of lemon yellow and green. A vigorous grower. *Dentooms*

*Artemisia stellerian*

### SILVER CASCADE®

Silver grey foliage nicely complements flowering plants and adds contrast. Trailing habit. *Nordic, Sobkowich*

*Begonia benariensis*

### BIG™ Series

Big™ Begonias are showstoppers. As the focal point of any garden, they grow quickly to provide lush, beautiful displays in hanging baskets, mixed containers, and large landscape plantings.

*Dentooms*

### BIG™ Red with Bronze Leaf

BIG® Rose w/ Bronze Leaf *Begonia benariensis*

GUM DROP™ Cherry Blossom *Begonia semperflorens*

GUM DROP™ Coco Rose *Begonia semperflorens*

GUM DROP™ Coco White *Begonia semperflorens*

GUM DROP™ Mandarin *Begonia semperflorens*

GUM DROP™ Pink *Begonia semperflorens*

GUM DROP™ Red *Begonia semperflorens*

GUM DROP™ Rose *Begonia semperflorens*

GUM DROP™ White *Begonia semperflorens*

### **GUM DROP™ White** CanPBRAF

*Bidens*

## **MARIETTA™ Gold Spark** USPP16863 Can2484 6-8"

An extremely heat-tolerant plant with a compact, mounding habit and large flowers that won't overtake other plants in combinations.

*Nordic*

*Bidens ferulifolia*

## **SOLAIRE™ Yellow** USPP17326 8-12"

Bright gold flowers appear on well-behaved plants all season. Best for 4-inch production and also makes an excellent monoculture basket. Heat and cold tolerant. Mounding habit.

*Dentooms, Nordic*

*Brachyscome hybrid*

## **BLUE ZEPHYR™** 9-15"

Lacy foliage and small, blue Daisy flowers bloom all season to make a large impact in the garden.

*Dentooms, Nordic*

*Brachyscome hybrid*

## **New Amethyst** USPP11504 9-12"

Small, deep purple flowers cover the full, compact foliage. Loves the heat. *Dentooms*

*Brachyscome hybrid*

## **Toucan Tango** USPP10343 6-12"

Brilliant, deep lavender Daisy flowers bloom constantly through even the hottest summers. *Dentooms, Nordic, Sobkowich*

*Browallia hybrids*

## **ENDLESS™ Series**

The Endless series brings superior colour to any shady location. With just a little light, these strong growers create a bounty of 1- to 2-inch star-shaped blooms. This series forms attractive mounds, later complemented by trails of colour. Plus, these flowers have staying power, thriving in hot conditions and lasting late into the season.

### **ENDLESS™ Celebration** 10-14"

Delicate pale blue flowers. *Dentooms, Nordic*

### **ENDLESS™ Flirtation** 10-14"

Brilliant pure white blooms. *Dentooms, Nordic*

### **ENDLESS™ Illumination** 10-14"

A true dark blue beauty with a white centre. *Dentooms, Nordic*

### **ENDLESS™ Sensation** 8-14"

Lavender flowers with a white eye. *Dentooms*

*Calceolaria*

## **Fire Red** 4-6"

An abundance of small bright red pouch flowers bloom all season long. *Nordic*

## MILLION BELLS® Series

Incredibly easy to grow, Million Bells are hugely popular. Their profuse, self-cleaning flowers arrive in spring and keep going until fall. Among the most hummingbird-friendly plants on the market. Great garden performers.

### MILLION BELLS® Bouquet Brilliant Pink 8-12"

An abundance of hot pink flowers cover dense foliage all season long. New this year. *Nordic*

### MILLION BELLS® Bouquet Cream 8-12"

Cream-coloured blooms appear all season. New this year. *Nordic*

### MILLION BELLS® Bouquet Pink 8-12"

Soft pink flowers bloom brilliantly on this upright, compact grower. New this year. *Nordic*

### MILLION BELLS® Cherry Pink 8-12"

Beautiful cerise-coloured flowers. *Nordic, Sobkowich*

### MILLION BELLS® Crackling Fire 6-10"

Bright orange and yellow striped flowers cover this beauty. *Nordic, Sobkowich*

### MILLION BELLS® Red 6-10"

A profusion of dark red flowers on dark green foliage all season. *Nordic*

### MILLION BELLS® Terra Cotta 6-10"

An incredible mix of red, orange, and yellow hues create an eye-catching display. *Nordic, Sobkowich*

### MILLION BELLS® Trailing Blue 3-8"

Nearly purple blooms with a bright yellow centre. *Dentooms, Nordic, Sobkowich*

### MILLION BELLS® Trailing Magenta 3-8"

Cascading purple-magenta flowers all season. *Nordic*

### MILLION BELLS® Trailing Pink 3-8"

Bright pink blooms and tight-growing foliage. *Dentooms, Nordic, Sobkowich*

### MILLION BELLS® Trailing Yellow 3-8"

Boasts trailing mounds of lemon-coloured blooms. *Nordic*

### MILLION BELLS® Yellow 6-10"

Bright yellow flowers make a great addition to any combo. *Sobkowich*

*Calocephalus brownii*

## Silver Bush

Silver Bush makes a wonderful accent plant with stiff, silvery white foliage on wiry branches. Mounding habit. *Nordic*

*Chrysocephalum*

## FLAMBE® Orange 8-14"

The stems and lance-shaped leaves of this plant are covered with silky hairs that shimmer, and its tiny spherical bright orange flower heads are truly unique. An exceptionally adaptable plant, Flambe Orange grows well in hot, humid conditions and also can tolerate the cold. *Sobkowich*

## Coleus hybrids

Bold, versatile, and colourful, these popular foliage plants are tolerant of varying light conditions, are easy to grow, and are among the fastest-selling plants in any program.

### Amora 18-36"

Butter-coloured leaves have scalloped green edges and red veins. *Dentooms, Nordic*

### BIG RED JUDY® 30-48"

A bold, textural plant with rich red leaves and an upright habit. An impressive grower. *Dentooms*

### Black Prince 24-30"

Nearly solid black foliage. *Dentooms, Nordic*

### Bronze Age 24-36"

Well-branched variety with bronze-coloured foliage. *Dentooms, Nordic*

### Chocolate Drop 12-16"

Lobed, rounded green leaves with a deep crimson centre and crimson veins. *Dentooms, Nordic*

### Coleusaurus Kiwi 18-30"

Impressive texture and striking yellow and green colouring. *Dentooms*

## Coleus hybrids (continued)

### El Brighto

24-36"

Foliage features purple and red centres with yellow margins.

*Dentooms*

### Fishnet Stockings

24-36"

Symmetrical bright green leaves appear to be hand painted with a deep burgundy variegation. *Dentooms, Nordic*

### Freckles

24-36"

Bronze and orange splotches on creamy yellow leaves.

*Dentooms, Nordic, Sobkowich*

### Gay's Delight

24-36"

Lime green foliage with black veins make a unique accent.

*Dentooms, Nordic*

### Glennis

30-36"

Large, cream-coloured leaves have light green flecks and burgundy red veins. *Nordic*

### Juliet Quartermain

18-36"

Attractive dark purple leaves splashed with red. *Dentooms*

### Limon Blush

24-36"

Rich combination of gold and green foliage with splashes of deep pink. *Dentooms, Nordic*

### Merlin's Magic

10-16"

Extremely compact, uniform foliage featuring a blend of rich purple, green, and pink tones. *Dentooms, Nordic*

### Mt. Washington

30-36"

Breathtaking, huge, stately foliage with burgundy, yellow, and green highlights. *Dentooms*

### Oscar

30-36"

Broad, deep burgundy leaves are outlined in a bright green.

*Dentooms, Nordic*

### Pele

30-36"

Chartreuse foliage features maroon spotting. *Dentooms, Nordic*

### Pineapple

12-18"

Lime green and yellow scalloped leaves with maroon edges.

*Dentooms, Nordic, Sobkowich*

### PINEAPPLE SPLASH®

18-24"

The warmer it gets the better the colour on these yellow leaves, which also feature dashes of crimson venation. *Dentooms, Nordic*

### Pink Chaos

6-18"

A captivating chaotic mixture of bright pink, mint green, and white.

*Dentooms, Nordic*

### Pistachio Nightmare

30-36"

Eye-catching plant with bright green leaves highlighted with a cream centre and splashed with brilliant neon pink. *Dentooms*

### Religious Radish

24-42"

Vigorous, frilly dark red-pink and burgundy leaves.

*Dentooms, Nordic, Sobkowich*

### Ruffles Bordeaux

12-18"

Burgundy leaves are outlined in green around ruffled edges.

*Dentooms, Nordic*

### Ruffles Copper

12-18"

Ruffled scarlet red leaves are marked with yellow and lime green edges. *Dentooms*

### Sky Fire

12-18"

Burgundy red leaves are lined with ruffled lime edges.

*Dentooms, Nordic, Sobkowich*

## Coleus hybrids (continued)

### SPITFIRE™

18-24"

This bronze beauty tolerates a range of light conditions bringing its russet-coloured leaves and purple flowers to a sunny spot or a shady corner. New this year. *Nordic*

### SPLISH SPLASH®

18-30"

Foliage is splashed with reddish burgundy and yellow green spots. *Dentooms, Nordic*

### Strawberry Drop<sup>USPP15827 Can2087</sup>

12-16"

Colourful green leaves have red venation with bright red and yellow centres. *Dentooms*

### Texas Parking Lot

30-36"

Vigorous, large burgundy leaves with a golden yellow edge. *Dentooms, Nordic*

### The Flume<sup>USPP17762 Can2347</sup>

16-30"

Bold, sabre-shaped foliage is bright burgundy with a green border and brilliant pink centre. *Dentooms*

### TWIST AND TWIRL®

24-30"

Twists and twirls of red, yellow, green and purple splash the foliage of this variety. *Dentooms, Nordic*

### *Convolvulus sabatius*

### BLUE CASBAH®<sup>USPP15104 CanPBRAF</sup>

1-3"

Tight, dark green foliage is the perfect backdrop for delicate lavender blue flowers. *Dentooms, Nordic*

### *Coreopsis hybrids*

This popular perennial loves the sun and sports bright Daisy-like flowers on wiry stems that float above the mounding foliage.

### COLOROPSIS™ Salsa<sup>USPPAF</sup>

12-18"

Definitely an attention-getter, Coloropsis Salsa features masses of single, bright golden yellow flowers with a wide burgundy eye and bushy thread-like foliage. This beauty blooms summer through fall. New this year. *Nordic*

### Full Moon

18-24"

Large canary yellow flowers cover a well-branched bushy mound of green foliage. New this year. *Nordic*

### Jethro Tull

18-20"

Bright golden yellow flowers with fluted petals and a compact habit. New this year. *Nordic*

### Little Sundial

6-12"

Golden yellow flowers with a deep maroon eye appear from early through late summer. New this year. *Nordic*

### Redshift

30-36"

Blooms from midsummer into early fall, producing large creamy yellow flowers with a rich red ring around the gold button-like centre. Mounding habit. New this year. *Nordic*

### Route 66

24-28"

Large yellow blooms with a red eye that bleeds out onto the petals. Each flower with a slightly different pattern. Upright habit. New this year. *Nordic*

Delicate chocolate-coloured flowers are held on sturdy stems surrounded by Fern-like foliage. *Dentooms, Nordic*

*Cuphea llavea*

### TINY MICE®

Small bright red flowers from summer to early fall. *Nordic*

*Cuphea llavea*

### TOTALLY TEMPTED® USPP20441 CanPBRF

Slender, pointed leaves stand out against a profusion of brilliant red flowers with lavender throats. Excellent in pots, is good early, and is resistant to oedema. Grows best in rich soil and is heat tolerant. *Nordic*

*Cuphea llavea*

### Flamenco Series

From Australian plantsman Terry Keogh comes a line of well-branched, large-flowered, and continuously blooming Cuphea. These varieties will add sizzle to combinations and colour bowls. Heat tolerant and versatile.

### Flamenco Cha Cha<sup>USPP20300</sup>

Vivid, intense magenta bloomer flowers continuously throughout the season. *Dentooms*

### Flamenco Samba<sup>USPP17823</sup>

A burgundy colour option with a more compact habit. *Dentooms, Nordic*

*Cuphea rosea*

### Lavender Lace

Masses of delicate purple flowers on lush shiny foliage thrive during summer's hottest days. *Nordic, Sobkowich*

*Dahlia hybrids*

### DALINA® Series

With masses of continuous blooms from spring to frost, the Dalina series offers an exceptional range of colours and two sizes. The Dalina Grande varieties grow 15-18" tall, while the smaller Midi varieties reach 8-12". That means there's a colour and size to match every garden. *Dentooms*

## WINDCHIMES® Series

The same early spring bloom and heat tolerance of other Proven Selections Fuchsia varieties in an even smaller size. Beautiful, petite blooms and uniform growth habit. *Dentooms*

WINDCHIMES® Dark Eyes

WINDCHIMES® Neon & White

WINDCHIMES® Red & White

WINDCHIMES® Rose & Purple

WINDCHIMES® White & White

*Fuchsia hybrid*

## Wilma Verslot

Stunning single blooms feature crimson red sepals and royal purple corollas that bloom spring to fall. Ever-blooming, even in full sun. *Nordic*

*Gazania*

## TIGER STRIPES™

Vivid orange flowers in summer cover cream and green variegated foliage. *Nordic*

*Glechoma hederacea*

## Dappled Light <sup>USPP17683</sup>

Vigorous grower with pink stems and brightly variegated chartreuse scalloped leaves. Trailing habit. *Dentooms, Nordic*

## Proven Selections® Grasses

Our collection of Grasses provides a varied offering of colours, textures, and sizes sure to get consumers' attention. And their beauty and versatility are just the beginning. They're also practical and easy to grow and are top performers in the garden.

*Calamagrostis*

## Overdam

Stunning variegated foliage with mauve flower spikes. Upright habit. *Nordic*

*Carex*

## Frosted Curls

Slender hair-like iridescent foliage form dense tufts that shimmer in the slightest breeze. Upright habit. *Nordic*

*Deschampsia*

## Northern Lights

The narrow, creamy-white variegated blades of this variety turn pink in cold weather. Upright habit. *Nordic*

*Festuca*

## Elijah Blue

Small, silvery blue mounds of foliage maintain their colour throughout the season. Perennial to Zone 3. Clump forming habit. *Nordic*

*Pennisetum*

## GRACEFUL GRASSES® Series

The upright, arching habit of these *Pennisetum* varieties add grace and style to the garden. Plus, they are vigorous growers and easy to maintain.

## GRACEFUL GRASSES® Fireworks <sup>USPP18504</sup>

A beautiful plant that features vertical stripes in a spectrum of colours, which ranges from white to pink to purple depending on the temperature. *Dentooms, Nordic*

## GRACEFUL GRASSES® Princess <sup>USPP17728</sup>

Wide purple foliage that becomes richer in the heat of summer. Sun or partial shade. *Dentooms, Nordic*

## GRACEFUL GRASSES® Sky Rocket <sup>USPP21497</sup>

White and green variegated foliage. *Dentooms, Nordic*

*Hedera hybrids*

## Golden Ingot

Golden Ingot's triangular-shaped ivy leaf is dainty, elegant, and compact. The variegated leaves feature an overall lemon yellow tone with gray splotches and an emerald green rim. *Nordic*

## Glacier

This classic, fan-shaped, silvery green English Ivy is a strong grower, trailing variety that's great for baskets, containers, and as a groundcover. *Sobkowich*

## Ritterkreuz

Fairly vigorous grower with trailing, self-branching habit. The small, glossy dark green leaves have five to seven pointed lobes, often with little side branches.

*Nordic, Sobkowich*

### Teardrop

This variety features shiny, dark green, unlobed teardrop-shaped leaves that are longer than they are wide. *Nordic*

### Yellow Ripple

Yellow Ripple is a slower growing, prostrate variety with zig-zag stems. The foliage is silver green with butter yellow edges through all seasons. *Nordic, Sobkowich*

*Helichrysum thianschanicum*

### Icicles

Tight growth habit with long, delicate, intensely silver foliage. *Nordic, Sobkowich*

*Helichrysum petiolare*

Licorice plants are exceptionally easy to grow, requiring little water and fertilizer to deliver a compact, upright, sturdy plant that is a great filler in containers and the landscape. *Nordic*

### Lemon Licorice

Bright green, velvety foliage. New this year.

### Licorice Splash

Delightful grey-green leaves with creamy variegation. New this year.

### Petite Licorice

Very compact grower with dainty dusty silver green leaves.

### White Licorice

Vigorous grower with lovely silver white foliage. New this year.

*Heliotrope arborescens*

### Incense

Fragrant blue purple flowers from spring to fall. Great 4" crop. Mounding habit. *Nordic*

*Heuchera hybrids*

Consumers looking for a beautiful foliage plant that comes back year after year will love *Heuchera*. These perennials can thrive in varying light conditions, and if the dramatic foliage isn't enough, they also boast small coral bell flowers.

### Amethyst Myst

This *Heuchera* features cool silver-veined leaves and bright magenta undersides. A very textural plant with a mounding habit. *Nordic*

### Green Spice

This unique hybrid has a silvery base, deep burgundy venation, and dark green edging and accents. Cool temperatures intensify the red veins and bright silver. *Nordic*

*Heuchera*

### Kassandra

This plant takes on a multi-coloured hue as new red foliage transitions to oranges, yellows, and greens while it matures. New this year. *Nordic*

*Heuchera*

### Velvet Night

The black purple foliage glistens on this darkest of the coral bells varieties. Mounding habit. A superb perennial. *Nordic*

*Hibiscus acetosella*

### Maple Sugar

Very textural, burgundy-black maple leaf-shaped foliage is stunning. A very heat tolerant variety, Maple Sugar may also sport burgundy blooms in late summer. Upright habit. *Nordic*

*Ipomoea batatas*

This collection of Sweet Potato Vines show the versatility and colour impact that have made these beauties a must-have plant for gardeners today.

### Black Heart

Trailing habit with garnet-purple, heart-shaped foliage.

*Dentooms, Nordic*

### Blackie

Vigorous grower with stunning dark purple, almost black, cascading foliage. *Nordic, Sobkowich*

### Margarita

Vigorous trailing and mounding grower with vibrant chartreuse foliage. *Nordic, Sobkowich*

### Tricolor

Wonderful tricoloured variegated leaves in silver green, white, and pink. Trailing habit. *Nordic, Sobkowich*

*Lamium galeobdolon*

### Hermann's Pride

Hermann's Pride features shiny silver leaves and green venation and a creeping, trailing habit. Also boasts golden yellow flowers in spring. *Nordic*

*Lamium maculatum*

### Golden Anniversary USPP11783

Very tight, self-branching habit with purple flowers that appear from spring until fall on yellow and green variegated foliage.

*Dentooms, Nordic, Sobkowich*

*Lamium*

### Orchid Frost USPP11122 Can1231

Silvery leaves with a green edge make this *Lamium* shine. Pink blooms appear spring to summer. *Dentooms*

## YUBI® Series (continued)

### YUBI® Yellow

*Salvia officinalis*

#### Icterina

☉☉ 10-12"

This Sage features golden yellow, variegated foliage with superior growth and branching habits. *Nordic*

*Salvia purpurascens*

#### Purple

☉☉ 15-25"

Green leaves with hints of purple and purple stems. Mounding habit. *Nordic*

*Salvia*

#### Sallyfun Blue Emotion<sup>USPP19788</sup>

☉☉ 16-24"

Soft green foliage with upright spires of deep blue flowers. Upright habit. *Nordic*

*Salvia officinalis*

#### Tricolor

☉☉ 10-12"

Green and cream foliage have hints of purple that intensifies in cool weather. Mounding habit. *Nordic*

*Salvia hybrid*

#### Wendy's Wish<sup>USPPAF</sup>

☉☉ 24-36"

Deep fuchsia flowers bloom from spring until frost on deep green foliage with a well-branching, mounding habit. *Nordic*

*Salvia elegans*

#### Golden Delicious<sup>USPP17977</sup>

☉☉ 12-24"

Very heat tolerant variety with yellow pineapple-scented foliage and bright red flowers in late summer. Upright habit. *Nordic*

*Salvia gauranica*

#### Black & Blue

☉☉ 30-40"

Vibrant blue tubular petals are emphasized by the black stems and bright green foliage. *Nordic, Dentooms, Sobkowich*

*Scabiosa hybrid*

#### Barroca

☉☉ 18-24"

Burgundy, pin-cushion shaped flowers are complemented nicely by deep green foliage. *Nordic*

*Schizanthus*

## TREASURE TROVE™ Series

☉☉ 8-12"

The Treasure Trove series features unique blooms that provide a mass of bright colour on compact plants. *Dentooms*

### TREASURE TROVE™ Lilac Bicolour

### TREASURE TROVE™ Pure Scarlet Shades

### TREASURE TROVE™ Rose Bicolour

*Sedum repestrep*

#### Angelina<sup>CCOPF</sup>

☉☉ 3-6"

Heat tolerant with unique bright golden yellow needle-shaped foliage. *Dentooms, Nordic*

*Sedum*

#### Compact Blue Cushion

☉☉ 8-12"

Blue needle-like foliage creates a nice mound. *Nordic*

#### Compact Yellow Cushion

☉☉ 8-12"

Yellow needle-like foliage creates a nice mound. *Nordic*

*Sedum hakonense*

#### Makino

☉☉ 2-3"

Makino's tiny needle-shaped leaves range from dark brown, yellow, and red. Tiny star-like yellow flowers appear in summer. *Nordic*

*Streptocarpella*

#### Concord Blue

☉☉ 8-12"

A shade-loving member of the African Violet family, Concord Blue's lovely blue blooms hover over the felted leaves. *Sobkowich*

*Strobilanthes*

#### Persian Shield

☉☉ 18-36"

Heat tolerant variety with bright purple, green, and silver leaves all season. *Nordic, Sobkowich*

## Succulents

*Aeonium*

#### Kiwi

☉☉ 6-12"

Low-growing, mounding variety with rosettes of pale yellow in the centre become shades of chartreuse green to pink with red edges. *Nordic*

#### Pinwheel

☉☉ 14-24"

Soft yellow flowers appear in the centre of bright green rosettes in spring on this heat tolerant variety. *Nordic*

Glossy round leaves with a vibrant red margin. Dwarf growth habit is perfect in containers. White, star-shaped flowers in fall. *Nordic*

*Crassula coccinea*

### Campfire

12-24"

A prostrate grower that forms a groundcover mat. Heat tolerant with unique colouration of bright scarlet and orange. *Nordic*

*Crassula*

### Falcata

12-24"

Grey-green leaves with tiny scarlet red flowers in dense clusters above the foliage. New this year. *Nordic*

*Crassula*

### Hobbit

12-36"

Curled, green tubular leaves are flecked with red. Small, light pink, star-shaped flowers appear in the fall. *Nordic*

*Crassula*

### Large Red

6-10"

A compact spreading plant with lime green paddle-like foliage tipped in bright berry colours. *Nordic*

*Crassula*

### Princess Pine

6-12"

Dark green, textured stalks spread nicely and work well in containers. *Nordic*

*Crassula*

### Springtime

6-12"

Springtime features small, densely mounded silver foliage with small clusters of star-shaped light pink flowers that appear in winter. *Nordic*

*Crassula*

### Variegated Jade Plant

12-24"

Variegated pale green and creamy white foliage with a mass of pink-white flowers that bloom in winter. *Nordic*

*Echeveria*

### Amoena

1-2"

Compact, strong, clustering variety with blue-grey foliage and yellow and orange flowers. New this year. *Nordic*

*Echeveria nodulosa*

### Painted Echeveria

6-8"

Definitive red lines mark the interior and edges of each leaf. Pinkish white flowers appear in fall. New this year. *Nordic*

*Echeveria hybrid*

### Perle Von Nurnberg

6-10"

Grey symmetrical rosettes are highlighted with pink and purple. Coral-coloured flowers appear in spring. *Nordic*

*Echeveria rundelli*

2-4"

Tiny, blue club-shaped leaves with a tuft of bristles at the ends form many headed clusters. New this year. *Nordic*

*Graptoveria hybrid*

### Fred Ives

6-10"

Dark purple rosettes are highlighted with pink and purple. Coral-coloured flowers appear in spring. *Nordic*

*Kalanchoe pumila*

### Silver Grey

6-10"

Scalloped foliage in shades of burgundy to dusty rose produce pink flowers in spring. *Nordic*

*Kalanchoe thyrsiflora*

10-14"

Light green paddle-shaped leaves are highlighted in red to form rosettes that produce clusters of fragrant blooms in early spring. *Nordic*

*Kalanchoe tomentosa*

### Nigra

6-10"

Soft, fine hair cover these plump, rounded silvery green leaves that are marked with a reddish brown edge. New this year. *Nordic*

*Orostachys boehmeri*

### Chinese Dunce Cap

2-4"

Soft, silver-grey-green foliage form beautiful paddle-shaped leaves in a tight rosette. New this year. *Nordic*

*Sedeveria hummeli*

6-8"

Light green rounded leaves form spiraling rosettes. *Nordic*

*Sedeveria*

### Jet Beads

4-8"

Almost black, star-pointed leaves produce berry-coloured tips and green apple centres in full sun and are arranged like a string of beads along the stem. *Nordic*

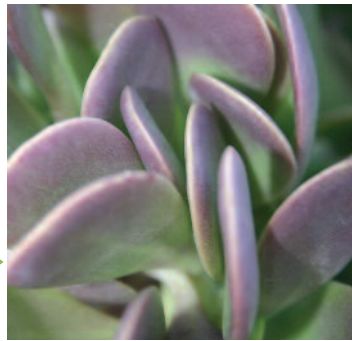

*Sedum clavatum*

*Sedum nussbaumerianum*

*Senecio jacobsenii*
