

Irene Lema-Suárez, PhD student

GIBE (Evolutionary Biology Group)
Universidade da Coruña, Spain

- **Thesis title:** Evolution and biogeography of the subtribe Anthoxanthinae (Poaceae)
 - About 50 species with very different morphology, ploidy level and distribution

- **Methods:**

- Phylogeny
- Biogeography
- Anatomy
- Flow cytometry

Anthoxanthum

A. odoratum

Hierochloe

H. odorata

Ataxia

A. hookeri
