Yaateh, shí dine'é nádleehí nishli. I am Navajo from the Eastern agency in New Mexico. As a Native I recognize the Wabanaki as my indigenous relatives to these lands. I recognize them as the true stewards of the land. I recognize them as people who have resisted colonialism for over 500 years. I recognize the Wabanaki as human beings. As the governing body that has historically invaded and committed acts of genocide, it is your moral obligation to fix the sins of your ancestors. Do what is right and break the cycle of oppression put into motion by your forebearers. Vote to recognize the full sovereignty of the Wabanaki. Land Back
