

## San Francisco Orchid Society

For over 65 years the SFOS mission has been to foster the culture and conservation of orchids and to promote education of its members and the public about orchids. Our goals include: an exchange of information from exhibitions, publications, and the Internet, maintenance of a reference library, and participation in worldwide activities.

### Compact Vandaceous Species and Hybrids

Peter Lin

#### Next Meeting:

7pm on

Tuesday, March 2nd, 2021, a virtual meeting via Zoom.

NOTE: we updated the Zoom password -

Details are on page 3.

AOS judging by the Pacific Central Judging Center is still on hold until further notice.

However, California Sierra Nevada JC's next AOS judging session will be

Sunday, March 7th at  
Dueling Dogs Brewery Co.  
3030 Barrett Park Lane,  
Lincoln, CA 95648

If weather is too cold, the backup location is

Gold Country Orchids  
390 Big Ben Rd.  
Lincoln, CA 95648

916-645-8600

Compact Vandaceous Species and Hybrids. Learn about the many different small growing species and hybrids within the Vanda alliance. This fast-paced presentation will include many pictures along with cultural tips. Peter started growing orchids over 30 years ago, but then stopped

due to school and starting a career. It wasn't until about 14 years ago that the orchid "bug" came back and he is now heavily involved once again. He is an accredited judge with the American Orchid Society and a hybridizer of mini-catts. He enjoys meeting with other orchid enthusiasts, and can often be found at various orchid shows and societies around the country. He also has thousands of photos of his orchids that he maintains on Flickr. You can view them by typing this address into the internet:

<http://www.flickr.com/photos/minicatt/collections/>

Due to limited growing space, Peter likes to specialize in miniature orchids, both species and hybrids, and has received numerous AOS awards. His other interests in orchids include Dendrobiums, Angraecoids, and Neofinetias. He maintains a collection of a thousand or more orchids at his home in Southern California in 3 small greenhouses, as well as in the house under fluorescent lights.

### *From the President*

If we imagine there was no pandemic, we would typically have been immersed now in the details of our 69th annual Pacific Orchid Exposition. Because we have no POE or OITP now in 2021, the spring may feel a bit more empty - but I also keep thinking about what it will take to get the show and sale up again in 2022 – Should we do anything differently? I have heard from many members that despite missing the in person meetings, they wholeheartedly hope we continue to still keep some virtual option for our monthly meetings when they eventually can resume in person.

What do you think? Reach out and let me know!

Speaking of the member meetings, at the February 2nd meeting with Dennis Szeszko & Robert Marsh doing their tag-team talk on *Barkerias*, we had our best Zoom turnout yet (over 85 people). The talk and another superb Show & Tell session run by Lynne was recorded and is available in the members' section of our website or on our YouTube channel.

On March 2nd we welcome back Peter Lin of Diamond Orchids talking about Mini Vandas – and we have arranged for an extra special “opportunity table” - for our paid up SFOS members present at the end of the meeting, we will raffle off **16 \$25 gift codes to Diamond Orchids** as well as **10 \$20 gift codes to use at *The Tiny Jungle***, and a **\$35 gift code for use at *Fresh To You Farm***.

So remember to [renew your dues](#) if you have not done so already.

As always, PLEASE RSVP for the Zoom meeting via our website ([www.orchid-sanfrancisco.org](http://www.orchid-sanfrancisco.org)) and send up to3show and tell pics by email to Lynne Murrell ([lynne.murrell@outlook.com](mailto:lynne.murrell@outlook.com)) by *no later than Monday, March 1st (the day before the meeting)*.

Though we have enough money in savings to weather the changes the pandemic has brought, without the revenue usually brought in by POE & OITP we will most likely have a deficit. So though we have prioritized keeping up our highest quality of programming and doing all we can to meet our annual goals around supporting orchid conservation and education - please also help us grow the membership by promoting the society on social media, and consider [gifting a membership](#) or a copies of our [Bay Area Guide to Orchids and their Culture](#) – see our website for more information on many of the ways you can help support us. Remember if you try or already use Farm Fresh To You, to include our promo code SFOSFF2U so we get the 10% donation.

*Jeff Harris*

## Tips for the upcoming Virtual Meeting on Zoom

PLEASE RSVP for the Zoom meeting via our website ([www.orchidsanfrancisco.org](http://www.orchidsanfrancisco.org)) and rather than just calling in, everyone is encouraged to either use the weblink or download the Zoom app ahead of the meeting to be able to better see and share the video content.

We will do “show and tell” - so plan to have either your plants nearby to share live pics or preferably take/send pics ahead of time to share - send up to **3** show and tell pics by email to Lynne Murrell ([lynne.murrell@outlook.com](mailto:lynne.murrell@outlook.com)) by *no later than Monday, Feb 1st (the day before the meeting)* – though sooner is of course better to give her more time to prepare!

the link to join the meeting is:

<https://zoom.us/j/2093634933>

**Note the password changed to: SFOS2021**

The following devices all will work: Desktop computer, PC or Mac, Tablets, Cell Phones. If the device has a camera and a microphone you can use it.

Sometimes your PC may not have a microphone and in that case you can still use the computer and monitor and call in on the phone with the phone number - but make sure to turn off the computer speakers to avoid static feedback.

### "Opportunity Table"

We will raffle off online gift codes redeemable for plants from Diamond Orchids, *The Tiny Jungle* & Farm Fresh To You to attendees who are members "in good standing" - so *be sure you 2021 dues are paid before the meeting!*

**Have you paid  
your  
2021 Dues?**

[Join us as a member via the website  
www.orchidsanfrancisco.org](http://www.orchidsanfrancisco.org)

**If you are not sure about your dues status, just ask!**

If you want help with this process we can assist you - email us at [info@orchidsanfrancisco.org](mailto:info@orchidsanfrancisco.org)

If you cannot use the online process, you can still mail a check along with your contact information to:

## SFOS Board Meeting Minutes

February 8th, 2020

### SFOS board meeting

Attendees: Jeff Harris, Erik Sayle, Faye Rabino, John Russell McCallen, Stuart Menaker, Christian Neitro, Lynne Murrell, Heidi Arno (as new membership co-chair), Dave Hermeyer & John Rushworth (optional)

Absent: Lauren Iverson

### Zoom Board meeting called to order: (7:10pm)

#### President's update: Jeff

- Heidi Arno has agreed to help Lauren with Membership duties as co-chair
- Check-in on status with Mary Gerritsen as 2021 SFOS Nominating Committee Chairperson
- Embezzlement Case Update: we are continuing to get repayment from Jack on schedule - next hearing date is currently scheduled for 9am on June 8th in Department 23.
- Another way to donate to SFOS - Farm Fresh To You (10% to SFOS)

#### Treasurer's report: Faye

- Monthly (Jan 2021) finance report
  - Lynne moved to accept the monthly finance report as presented and Erik seconded the motion, which passed unanimously by verbal vote.
  - Membership, small sales and book sales are some of the main sources of income, net revenue this year *likely to be negative* without a big plant sale. The next budget may come from our savings due to the lack of shows (formerly primary revenue generator in the past)
  - Questions still being asked about options to grow our savings in an endowment or other investment - but after exploring options we are quite confident that until we have a much larger buffer of funds over our operating expenses it is not feasible or advisable for us to invest our savings.

#### VP's update: Erik - Programming Updates:

- Mar 2 - Peter Lin (Diamond Orchids) - Mini Vandas
- Apr 6 - Wenqing Perner - Orchids of China
- May - Terry Kowalczyk - Neofinetias and brief intro to orchid judging in Japan

### You can help...

The San Francisco Orchid Society joins other orchid societies and businesses participating in the 1% FOC campaign by committing to budget 1% or more of our net revenue towards orchid conservation projects. ## March 2021 - Volume 70 Number 3

(invites sent to Scott Barrie, Alan Koch, and Mario Blanco - any other suggestions?)

### Membership update: (Lauren / Heidi / Jeff)

Welcomed 4 new members this past month (Celeste Sandoval, Sarah Headean, Paul McCollom & Lila Tschappat). Feb 2nd meeting attendance (~60 RSVPs; 23 people participated in show & tell; 85 people attended the meeting on Zoom - 10 were guests of the speaker from Mexico.

**Newsletter editor update:** (Christian) - given the increased number of show & tell photos Chris is planning to pick "the best" for the newsletter - reminder to submit contributions including classified ads by the 15th of the month for target e-distribution of newsletter on the 20th of the month

### Old Business:

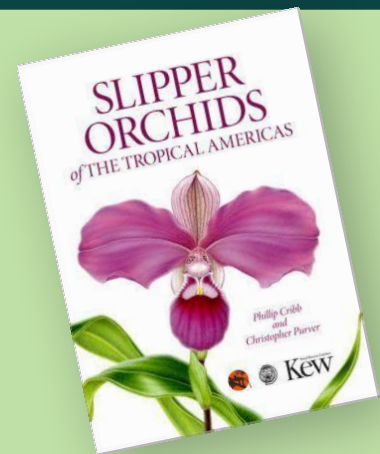

1. \$2500 Conservation grant proposal from Dr. Prabakaran - "Status and conservation of rare and endemic orchids in the tsunami-affected Nicobar archipelago, India;" work is proposed to start Feb 1st 2021 was funded per decision from January's meeting.
2. Work has begun by John Rushworth to implement the [Weebly "Paid Members" App](#) (integrates with Paypal or Stripe) vs current more manual process - as supported after the board update last month.
3. Work has also begun by John Rushworth on social media engagement and membership drive advertising with FB/IG \$100 a month for 3 months trial run to see how the analytics pan out, as supported after the board update last month.

### New Business:

1. Discussion about having another member plant sale, potentially last weekend in June - considering doing this at ShellDance again (pending owner confirmation). An event of this type still requires significant planning and effort and we'd need at least 3 months to optimally plan and give members' that would sell divisions time to prepare.

**Next Board Meeting:** Monday March 8th - Zoom Meeting to be scheduled to start at 7pm

**Meeting adjourned at 8:13 pm.**

Special Pricing \$60.00 for SFOS Members!

Written by Phillip Cribb and Christopher Purver, this 282 page book covers the tropical American species of three genera of slipper orchids, *Selenipedium*, *Mexipedium* and *Phragmipedium*. Beautifully illustrated throughout with color botanical paintings by Carol Woodin, as well as black and white line drawings, color photographs and maps.
