

WENKE-SUNBELT YOUNG PLANTS 2023

2023 HIGHLIGHTS & CHANGES

- NEW! Welcome to the Jungle Foliage Program – Wenke & Sunbelt Greenhouses are very excited to announce the addition of Welcome to the Jungle foliage liners to our already extensive product line up.
- Continuing to be a one-stop source for liners, specialty plugs & bedding plugs.
- Revised quality check processes in an effort to identify problems earlier, which will enable us to notify customers earlier.
- Actively identified crops with ongoing cutting quality issues. Dropped or switched to suppliers with greater viability.
- Wenke – 202 Add/New items and 442 Dropped items. Sunbelt - 149 Add/New items and 317 Dropped items.

OUR TEAM

- Dedicated account management with broad team support. Providing direct points of contact for order fulfillment, customer service, claims, and logistics. All in an effort to deliver the highest level of communication.

Twist, Tropical Punch, & Yellow Twist

Portulaca Mega Pazzaz

- Big flowers (MEGA blooms) on a moderate controlled semi trailing habit.
- Bright colors grab attention at retail and in the garden.
- Strong option for heat/drought tolerant programs.

NEW

NG Harmony Colorfall Dark Leaf Red

- Strong color contrast of dark leaf foliage and red blooms.
- Breakthrough NEW trailing line of NGL.
- Dependable Harmony genetics, new plant habit.

NEW

SunPatiens Vigorous

- Full Sun through shade versatility.
- New Peach Candy has large, eye-catching flowers with splashes of vibrant orange. Vigorous plants that deliver an impressive show in any landscape. Dark bronze foliage provides striking contrast.
- New Pretty Pink offers beautiful, baby pink blooms covering the entire plant. Well-mounded plants with strong vigor and dark green foliage. Strong retail appeal and very grower friendly.
- Same great performance as Compact SunPatiens, but with 20-25% more vigor.

SunPatiens Compact Classic White, Lavender Splash, & Purple Candy

NEW SERIES

Celosia Flamma Bright Red, Golden Yellow, & Orange

Celosia Flamma

- Early and uniform flowering.
- Great heat tolerance in the field.
- Flower color stays bright without fading!

NEW

SunPatiens Compact

- Full sun through shade versatility.
- New Lavender Splash has large orchid flowers highlighted with splashes of lavender. Dark bronze foliage provides striking contrast. Very floriferous and strong mounding habit.
- New Purple Candy has large rose flowers with dark magenta, is early to bloom and well branched.
- Classic White is very floriferous with tons of large, clear white flowers. Exceptional heat tolerance and strong mounding habit. Unprecedented performer and more grower friendly.

SunPatiens Vigorous Peach Candy & Pretty Pink

NEW

Begonia Dragon Wing White

- Starts flowering around 2 to 12 days earlier than Pink, with a refined, slightly wider habit.
- Great branching and plenty of flowers covering the plant.
- Flowers can blush slightly in warmer conditions.

NEW

Begonia Megawatt GL White

- Starts to flower slightly earlier than other series varieties (5 to 10 days), but is more true type than the competition.
- Outdoor performance matches the series, with nice branching and less maintenance required.

Begonia Hula

- Hula is a unique spreading type of begonia that is highly branched with lots of small flowers.
- Its trailing habit is perfect for baskets and containers.
- Provides an instant performance advantage for landscapers, with masses of flowers showing on top.

Begonia Hula Bicolor Red White, Blush, Pink, & Red

NEW

Petunia E3 Easy Wave Formula Mix

- This newest Wave brand series includes popular colours to fulfill sales earlier in the season.
- Flowers at or under 10 hours daylength.
- E3 Easy Wave offers simplified production, as it can be successfully grown at lower PGR rates than Easy Wave (except Blue).

NEW

Impatiens Beacon

- Beacon impatiens exhibits high resistance to the currently known and widely prevalent populations of *Plasmopara destructor*, which is the cause of Impatiens downy mildew (IDM).
- Beacon impatiens offers the opportunity to bring back into production a well-known, in-demand, easy-to-grow and versatile product for increased sales.

Impatiens Beacon Lindau Mix, Portland Mix, & Sanibel Mix

Solarscape

- Great low-maintenance plant provides high-impact color in full-sun spaces, whether in the ground or in containers.
- The first interspecific impatiens series from seed offers growers the flexibility of an input that is available all year round, making scheduling a breeze.
- Offers landscapers a non-branded, cost-efficient alternative.
- Blooms have tropical appeal, with a satiny texture in vibrant, glowing hues.
- Works in multiple pack & pot sizes – From 306 pack to a 1 gallon pot.

Solarscape Magenta Bliss, Neon Purple, Orange Burst, White Shimmer, & XL Salmon Glow

NEW

Rudbeckia Goldblitz

- Shortens the production time for a finished flowering crop to 2 to 3 weeks compared to Goldsturm.
- Provides a more economical input option for natural daylength growers, as the plugs do not require special treatment.
- It has a slightly smaller leaf and flower size than Goldsturm.
- Fleuroselect Gold Medal award winner for both container and garden performance.

NEW SERIES

NEW

Dianthus Coronet

- Coronet's blooms are larger than the competition, plus it offers uniform flowering time and habit.
- Produces multiple flowers on a compact, mounded plant.
- Gives its best performance in cool weather, making it great planted along with other cool-season annuals such as pansies.

Dianthus Coronet Purple & White Purple

NEW

Vinca Tatto Orange

- Features a medium orange color with a consistent dark center.
- Petal color lightens in high light and temperatures.
- Similar size and timing to Tattoo Black Cherry.

NEW

Vinca Titan F1 Cranberry

- Features a rich, velvety, dark red bloom color with a lighter center.
- Times with Really Red.
- Landscape height is on the tall side of the series at 16 inches.
