Young Plants Program
2021-2022

Dear Grower,

Treat yourself for a job well done! The most rewarding part of a great season is hearing the success that you have achieved from your hard work and dedication over the past months.

Moving into a fresh season, we are here for you year round for all your Young Plant needs!

NEW varieties for the 2021-2022 season are **bolded** for ease of navigation. New additions to note are the Bidens Cupcake™ series in soft pastel hues, the Nemesia Momento® series with a sweet fragrance and compact growth habit, and the Gaillardia Lunar® series which perform well even in dry climates.

Our tropical and succulent sections have expanded and there are also a host of new Calibrachoa, Dahlia, and Petunia colours to discover!

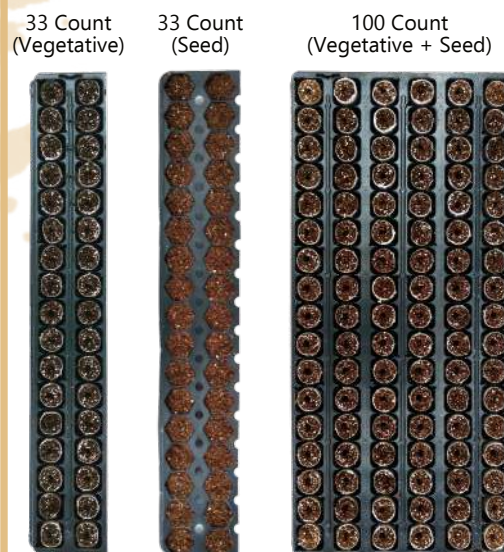

We'd like to thank you for your working relationships and we look forward to growing with you this season!

Sincerely,
The Devan Greenhouses Team

Tray Sizes

More variety selection is available with our new size for seeded items. With the 33 count tray, you can Mix & Match alongside our vegetative varieties for consistent production!

Our shipping boxes can hold any combination of 400 plugs.
A 100 count is equal to 3x33.

Picture Labels

A stock list of tags is included in our weekly availability. Tags can be ordered through the availability at any time.

Tags are not automatically added to your order, please include an order form for tags along with your Young Plants order.

*Tags are subject to availability.

Tags can be sent any time by mail or courier for a \$5.00 boxing charge + postage.
