AngelMist Spreading Dark Purple Improved Angelonia

AngelMist Spreading Pink Improved Angelonia

Archangel Purple Improved Angelonia

## AGERATUM

### Artist Pearl

White-flowered ageratum never has that "dirty white" look because the plant buries its dead quickly due to its excellent vigor.

Proven Winners

## ANGELONIA

### Angelissa™ Series

An ideal component plant for SunPatiens® and SuperCal® combinations. Beautiful blooms offer worry-free performance in any application.

- Purple
- Rose
- White

Ball FloraPlant®

### AngelMist® Series

Extreme heat, humidity and drought are no match for these super-spreading varieties. NEW Dark Purple Improved features bigger flower size and better, more intense purple color. NEW Pink Improved features a more saturated pink color with larger flowers.

- Spreading Dark Purple Improved
- Spreading Pink Improved

Ball FloraPlant®

Available exclusively through Ball Seed.

### Archangel™ Purple Improved

Series thrives in extreme heat, humidity and drought. NEW Purple Improved is earlier to flower, with more flower power and better branching, along with a more saturated purple color.

Ball FloraPlant®

Available exclusively through Ball Seed.

### Aria Alta Series

Taller, more robust varieties are targeted for premium Summer landscape applications. These varieties have exceptional heat tolerance in both humid and drought conditions.

- Pink
- Purple
- Red Raspberry

Dümmen Orange

### Serafina Series

Heat and drought-tolerant plants with exceptional branching and large flowers. Plants start with a distinct, upright habit and mature into a full, lush upright-mounding plant.

## LEUCANTHEMUM

*L. x superbum*

### White Lion F<sub>1</sub>

This unique compact seed Leucanthemum can be grown in short days (10-hour daylength requirement), and it's perfect for early Spring sales. Ideal for an annual production schedule. No supplemental lighting needed, flowers under natural days.

Zones: 3b-9a

## LOBELIA

*L. x speciosa*

### Starship™ Rose F<sub>1</sub>

Tops for uniformity and flower power, Starship offers improved branching, low stretch and controlled habit. Great for high-value larger containers and mixed combos, and also makes a striking garden plant. Replaces Deep Rose.

Zones: 6-10

## PAPAVER

*P. nudicale*

### Spring Fever Series

Multiple compact stems at one time and large flowers in bright colors make high-impact shows.

Zones: 3-8

- Rose
- White

## PLATYCODON

*P. grandiflorus*

### Astra Light Pink F<sub>1</sub>

Balloonlike buds open into long-lasting, 3-in. (8-cm), bell-shaped flowers.

Zones: 3-8

# annuals

Bada Boom Rose Bicolor Begonia

## ANEMONE

### Harmony Burgundy

Superb cold crop for premium pots in early Spring. Rich, deep color; hardy flowers on sturdy stems.

### Harmony Double Rose

Early flowering and matched to series. Compact plants are topped with unique double flowers for loads of color.

## BEGONIA

### Bada Boom Rose Bicolor F1

Compact, well-branched plants are ideally sized for high-density production in packs and small pots.

### Bossa Nova Night Fever Rosso F1

Great vigor and strong branching make this bright, showy series an ideal choice for baskets, containers and borders.

### Bowler Bronze Leaf White F1

Chocolate-bronze foliage contrasts beautifully with large, bright white flowers.

### Megawatt™ Pink Bronze Leaf Improved F1

Striking, non-stop flowers keep plants covered in huge color from Spring through Autumn...even in heat and drought.

**CANNA**

**Cannova® Series F1**

Exceptional hybrid series boasts strong colors that will capture the landscape market and be a sure hit with home gardeners in their garden beds and as “thrillers” in their mixed containers.

- Bronze Peach
- Red Golden Flame
- Scarlet

Available exclusively through Ball Seed.

**CELOSIA**

**Brainiac Robo Red**

Early flowering with a compact, uniform habit.

**CLEOME**

**Sparkler 2.0 Series F1**

F1 hybrid vigor and uniformity offer easy production and superior landscape performance. Heat-loving annual holds up to Summer stress and provides reliable height and structure to landscape beds.

- Blush
- Lavender
- Rose
- White
- Mix

**COLEUS**

**Wizard® Select Mix Improved**

Low-maintenance, uniform and basal-branching plants are late-flowering, extending their landscape value. NEW Mix Improved is less sensitive to downy mildew. Replaces Mix.

**ORNAMENTAL CORN**

**Glass Gem**

Kernels are in a wide range of translucent, multicolored shades. The ears and stalks are great for ornamental use; the kernels may be used to make popcorn or ground into cornmeal for tortillas.

**COSMOS**

**Bright Lights Mix**

Lacy foliage and silky flowers give an airy touch to the garden from mid-Summer to frost. Wonderful for cutting.

**INTERSPECIFIC DIANTHUS**

**Jolt™ Purple F1**

*Shocking Summer Color* from the most heat-tolerant interspecific dianthus.

**EUCALYPTUS**

**Silver Dollar**

Attractive blue-green, coin-shaped juvenile leaves, opposite on the pendulous stems, are excellent for adding to bouquets and cut ornamental arrangements. A choice evergreen rounded shrub or shade tree.

Shock Wave Volt Mixture Improved Petunia

Pretty Flora Mello Yellow Petunia

PETUNIA continued

**Mambo GP Yellow**

Next generation of the Mambo series offers greater performance (GP) from grower to consumer.

**Pretty Flora™ Mello Yellow**

Controlled growth petunia solves the seasonal, geographic and control challenges of traditional petunias. Fewer to no PGRS are needed, and it is suitable for cold-growing.

Available exclusively through Ball Seed.

**Pretty Grand™ Mello Yellow**

Controlled growth petunia solves the seasonal, geographic and control challenges of traditional petunias. Fewer to no PGRS are needed, and it is suitable for cold-growing.

Available exclusively through Ball Seed.

**Shock Wave® Series F1**

Delivers the best reboundability and is the earliest to flower of any spreading petunias. Plants bloom in a tight and consistent 4 to 6-day window, and combine fast flowering with strong branching to deliver the quickest fill in baskets. Both new mixes now include NEW White.

- White
- Spark Mixture Improved
- Volt Mixture Improved

**PORTULACA**

**Sundial Series**

Free-flowering garden performers bear 1.5 to 2-in. (4 to 5-cm) blooms in a wide choice of colors.

- Coral
- Deep Red
- Light Pink

**RUDBECKIA**

**Amarillo Gold**

Huge, bright flowers. Similar look and bloom size to Prairie Sun but on compact plants.

**Arania**

Yellow bloom with a brown eye. Very compact-growing rudbeckia.

**Kokardia**

Yellow bloom with a brown ring. Vigorous, with tight internode growth.

Multi-branched plants fill packs and small pots with ease for efficient high-density production. Close flowering window and well-matched habits help reduce grower costs and increase efficiency.

- Blue and White
- Deep Blue
- Magenta
- Pink
- White
- Mix

**VIOLA****ColorMax Beacon Rose F1**

Features flowers that are larger than standard violas – more like “small pansies.”

**Penny Violet Tiger Face F1**

Early-flowering viola displays 1-in. (2.5-cm) blooms. Uniform in habit and flowering, with excellent cool weather tolerance.

**Sorbet® Tiger Eye F1**

Plants cover the soil at flowering with more blooms and less stretching, and fewer PGRs are needed. Superior holdability and less shrink.

**Sorbet® XP Rose Blotch F1**

Sorbet XP needs fewer PGRs, with superior holdability and less shrink. F1 vigor assures greater germination, earliness, and excellent plug and garden performance.

**ZINNIA****Benary's Giant Salmon Rose**

High yields of long, sturdy stems with 4 to 6-in. (10 to 15-cm), fully double, dahlia-like blooms.

**Preciosa Premium Mix F1**

Uniform mix featuring all colors of the series.

**Profusion Red Yellow Bicolor**

Stunning, bright bicolor of red and yellow is a true eye-catcher in any planting.

**Profusion Double Red**

First true red double! Large flower size with an abundance of bright petals.

# potted plants

## CINERARIA

### Angel Mix

Best choice for shipping from late October to the end of December. Very early medium-sized flowers.

### Early Perfection Mix

A dwarf senecio (cineraria) series. Plants produce a colorful display of daisy-like flowers. Exceptional for pot use.

Angel Mix Cineraria

## CYCLAMEN

### Dreamscape™ Mix F1

Specially bred and selected to deliver the best outdoor performance of any cyclamen on the market. That means pro landscapers and home gardeners alike can now confidently plant cyclamen in-ground and count on better, longer performance.

Available exclusively through Ball Seed.

### Halios® Series

Florist-quality series delivers compact, continuous-flowering plants with large blooms on strong stems.

- Salmon Rose Improved

Pro Cut Orange DMR

# vegetables

Clementine Cauliflower

Depurple Cauliflower

Mexican Sour Gherkin Cucumber

Gherking Cucumber

vegetables

## BEAN

### Caprice

Plant produces straight, smooth pods that have slow seed development, a fine eating quality and an attractive medium-dark green color.

### Velero

Romano-type bean sets pods high on upright plants. Plants yield 6-in. (15-cm), medium-dark green pods, with high-quality interiors and excellent flavor. High resistance to Bean Common Mosaic Virus and Curly Top Virus.

## BROCCOLI

### Monflor

Florets separate with just one cut for quick kitchen prep. Bred for a flat, loose head with separated small florets on long stems.

## CABBAGE

### Zenon

Beautiful heads hold their color well during a long storage period. High-yielding variety has *Fusarium* resistance.

## CAULIFLOWER

### Clementine

Eye-catching deep orange curds have a mild, sweet and nutty flavor. Curds hold their color well when cooked.

### Depurple

The lavender-hued curds on this variety bring a unique look to salads and satisfy nutrition seekers with added antioxidants that give Depurple its color.

## CUCUMBER

### Gherking Gherkin

Plants produce early, large yields of great-tasting fruit that won't become bitter if left on the vine.

### Gold Standard

Produces five times the amount of beta-carotene of other garden cucumbers.\* The attractive, 6 to 8-in. (15 to 20-cm) fruit have light green skin and light salmon-toned flesh.

\*Based on cucumbers grown under our trial conditions, harvested when ready to eat and peeled. Actual harvest results may vary.

### Mexican Sour Gherkin

Fruits look like miniature watermelons and taste like cucumbers with tangy citrus overtones.

## HERB MELISSA

### Limoncello

Compact and mounding plant habit is well-branched with finely lobed, light green leaves. Highly aromatic lemon fragrance.

## MUSTARD

### Southern Giant Curled

Large, upright plants with crumpled leaves that have a delicious mustard taste; slow to bolt and very easy to grow.

## PEA

### Snak Hero

*2021 All-America Selections National Winner.* Slender pods have the straight and elongated appearance of a succulent green bean but the surprising taste and texture of a stringless snap pea.

### Snow Max

Produces an abundance of sweet, flat, semi-stringless snow pea pods. Resistance to downy mildew, powdery mildew and *Fusarium*.

## ANAHEIM PEPPER

### Desperado

Large, early-maturing Anaheim type produces mild-flavored (50-500 Scovilles) peppers with thick walls that are well-suited for grilling.

## ANCHO PEPPER

### Altano

Extra-large-fruited poblano (Ancho) with good quality and heavy fruit. The maturity is mid-early and it is suited for multiple harvests where it has the ability to maintain fruit size.

## CHILI PEPPER

### Spicy Jane F1

A trailing-type pepper plant with bright, red, spicy fruit with a heat level of 30,000 Scovilles. The leaves have a beautiful shine and their structure secures low water use.

Desperado Pepper

**EDIBLE ORNAMENTAL PEPPER****Demon Red**

Great in containers on the patio, and also does well in the garden. The bright red fruit cover the plant to give it a unique ornamental look. It has a Scoville rating of 173,500, similar to a habanero.

**JALAPEÑO PEPPER****Pot-a-peño F1**

2021 All-America Selections Regional Winner, Great Lakes, West/Northwest has a unique cascading habit that is perfect for a hanging basket or container – an ideal addition to any patio or small-space garden.

**SWEET MINI BELL PEPPER****Candy Cane Chocolate Cherry F1**

Mini bell pepper plant has unique, eye-catching, variegated foliage. Early-maturing fruit ripens from green and white stripes to unique chocolate and cherry red stripes.

Primavera Squash

Summer Breeze Cherry Blossom Strawberry

Beltran Strawberry

**Confetti F1**

Fruit features unique, eye-catching, variegated foliage. Its mounded plant habit will hold up in a vegetable garden or container. Fruit ripens from light green to bright red, with a sweet, crunchy flavor.

**SWEET NON-BELL PEPPER****Gold Fortune F1**

Lamuyo-shaped fruits are glossy golden yellow at maturity. Fruits are large to extra-large, smooth, firm and thick walled. Good disease resistance package.

**Peppi Cornissimo F1**

Extra-large corno-shaped fruit ripens from green to red, with outstanding thick walls, rich flavor and more sweetness than most large-fruited peppers. Fruit is often seedless.

**Peppi Red & Yellow F1**

These small, pointed fruits offer incredible sweetness and rich flavor. The fruit are often seedless and are great for snacking fresh off the plant.

- Red
- Yellow

**SPINACH****Imperial Beach F1**

Asian-type spinach is deep green and smooth with an upright plant habit, making it easy to harvest and bunch.

**Imperial Valley F1**

Asian-type spinach variety has uniform, deep green, smooth, Asian-lobed leaves with flexible and strong petioles, making them easy to harvest and great for bunching.

**ACORN SQUASH****Goldilocks F1**

Bright orange, bush-type acorn squash has high resistance to powdery mildew.

**SPAGHETTI SQUASH****Primavera**

Restricted vine-type is ideal for home gardens. Delivers high yields of uniform 3-lb. (1.4-kg) fruits with delicious, light-colored flesh and a nice canary yellow skin.

**WINTER SQUASH****Delicata**

Unlike most winter squash that need a few weeks to “cure” before eating, Delicata is ready to use straight out of the garden. Fruits weigh 1 to 2 lbs. (0.5 to 0.9 kg), a perfect single-serving size.

**STRAWBERRY****Beltran F1**

Vigorous plant produces abundant aromatic, deep red berries throughout Summer. Hardy in Zones 3 to 10.

**Summer Breeze Cherry Blossom F1**

Plants produce beautiful bright pink flowers and delicious, juicy, bright red berries. The unique semi-double flowers hold on to their petals for lots of color on the plant. Hardy in Zones 3 to 11.

Cocoa

Red Velvet

**BEEFSTEAK TOMATO****DarkStar F<sub>1</sub>**

Upgrade your garden with heirloom tomato flavor and modern hybrid tomato performance. Early-maturing, rich, purple beefsteak fruit has higher yield potential and fewer blemishes than most heirlooms.

**ROMA TOMATO****Bellatrix F<sub>1</sub>**

With high resistance to late blight, it also has resistance to *Fusarium*. Red Roma/paste tomatoes ripen in a short period of time, allowing for a large harvest for cooking sauce or making salsa.

**EDIBLE POTTED TOMATO****Cocoa F<sub>1</sub>**

Part of the Kitchen Minis™ collection, Cocoa brightens up your windowsill or patio table, and it has a tidy plant habit. Provides uniquely burgundy-colored fruit that is deliciously sweet for recipes!

**SALADETTE TOMATO****Mariana F<sub>1</sub>**

Determinate plants are strong, medium-compact and produce high yields of smooth, extra-large and large, high-quality saladette fruit with very good uniformity, firmness and shelf life.

**Red Velvet F<sub>1</sub>**

Part of the Kitchen Minis™ collection, Red Velvet brightens up your windowsill or patio table, and it has a tidy plant habit. Red Velvet provides beautiful red fruit that is deliciously sweet for recipes!

**Patio Delight F<sub>1</sub>**

Red fruit has a delightful texture and rich, sweet flavor. The determinate, container-friendly plants have an upright, compact habit. Recommended for containers only.

**MINI MARZANO TOMATO****Marzito F<sub>1</sub>**

A multi-purpose tomato! Versatile and perfect for all occasions – eating fresh off the vine or cooking up in a quick sauce. The elongated shape is reminiscent of a small Roma tomato.

Exclusively Burpee!

DarkStar

Marzito

Bellatrix

Patio Delight

Loki Tomato

Power Pops Tomato

Solar Power Tomato

**SLICER TOMATO****Loki F1**

Huge tomato flavor and performance. Early-maturing, round, red slicer fruit has high yield potential.

**SMALL-FRUITED TOMATO****Cherry Punch**

Tiny red tomatoes are bursting with flavor and healthy eating – delivers 30% more Vitamin C and 40% more lycopene than the average garden tomato.\*

\*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.

**Heartbreakers Dora F1**

Small, bright red, heart-shaped tomatoes highlight the compact, upright/spreading plants.

**Power Pops**

Produces 55% more lycopene and 40% more carotenoids than the average garden tomato.\* These indeterminate plants produce ripe fruit up to two weeks earlier than others of this type.

\*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.

**Solar Power**

The brilliant orange, meaty fruit can produce more than three times the level of beta-carotene than the average garden tomato.\* Indeterminate with good yields.

\*Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.

**WATERMELON****Sunsugar**

Very productive, all-sweet type produces shorter, blockier, classic-sized, 18 to 21-lb. (8 to 9.5-kg) fruits. Vigorous vines protect developing fruit from sunburn.

# terms and conditions of sale

## VISIT [BALLSEED.COM](http://BALLSEED.COM) FOR CURRENT TERMS AND CONDITIONS OF SALE.

**Note:** Ball Terms & Conditions of Sale are country/region specific. The following Terms & Conditions of Sale apply to product sold within the United States and Canada.

### ACCEPTANCE OF TERMS

These terms and conditions shall govern orders for seeds, bulbs, plants, supplies and other materials (merchandise) placed with Seller. All negotiations with sales representatives or other agents of Seller are merged herein. No modification of these terms and conditions shall be effective unless in writing signed by Seller. Placement of the order shall constitute Purchaser's acceptance of these terms and conditions. All orders are subject to acceptance by Seller at our offices in West Chicago, Illinois.

### LIMITATION OF WARRANTY

Seller warrants, to the extent required by law, that merchandise conforms to the description appearing in Seller's catalog and on container labels, within recognized tolerances. SELLER MAKES NO OTHER OR FURTHER WARRANTY, EXPRESS OR IMPLIED. ALL OTHER OR FURTHER WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXCLUDED. Certain merchandise may be separately warranted by the manufacturer. Seller does not adopt or ratify any manufacturer warranties, express or implied, and Seller shall have no liability thereunder. Seller does not adopt or ratify any manufacturer warranties, express or implied, made by Purchaser upon resale of the merchandise, and Seller shall have no liability thereunder.

### LIMITATION OF REMEDY

PURCHASER'S SOLE AND EXCLUSIVE REMEDY SHALL BE REFUND OF THE PURCHASE PRICE. SELLER'S LIABILITY, WHETHER FOR BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, PRODUCTS LIABILITY OR ANY OTHER THEORY OF LIABILITY, IS LIMITED TO THE AMOUNT OF THE PURCHASE PRICE. UNDER NO CIRCUMSTANCES SHALL SELLER BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE, OR FOR ANY SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES.

### USE RESTRICTION

**Merchandise is not intended for sale to large-scale commercial growers of herbs or vegetables. Use, transfer and/or acquisition of merchandise constitutes acceptance of a limited right to use the merchandise solely to grow a single crop for food, feed, processing or ornamental purposes. No other use is permitted. Any transfer of merchandise must be accompanied by this use restriction.**

### MANDATORY ARBITRATION

ANY CLAIM WHICH PURCHASER MAY HAVE AGAINST SELLER ARISING OUT OF OR RELATING TO THE SALE OF THE MERCHANDISE SHALL BE SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE COMMERCIAL ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION, SAID ARBITRATION TO BE VENUED IN COOK OR DUPAGE COUNTIES, ILLINOIS. The laws of several states require arbitration, conciliation or mediation of disputes involving allegedly defective seed before legal action may be taken. Purchaser should contact the State Department of Agriculture for information. Such laws typically require that a complaint be filed with the State Department of Agriculture in time to permit inspection of the seed, crops or plants. If such a complaint is filed, a copy must be sent to Seller by registered or certified mail.

### GOVERNING LAW, JURISDICTION & VENUE

The laws of the State of Illinois, including but not limited to the Uniform Commercial Code as adopted therein, shall govern all matters arising out of or relating to Seller's sale of merchandise. ANY DISPUTE NOT SUBJECT TO ARBITRATION AND ANY ACTION TO ENFORCE AN ARBITRATION AWARD ARISING OUT OF OR RELATING TO THE SALE OF MERCHANDISE HEREUNDER SHALL BE MAINTAINED IN THE STATE OR FEDERAL COURTS LOCATED IN DUPAGE OR COOK COUNTIES, ILLINOIS, AND PURCHASER SUBMITS TO THE JURISDICTION OF AND VENUE IN SAID COURTS.

### INDEMNITY

By accepting merchandise, Purchaser agrees to defend Seller, to hold it harmless and indemnify it from and against any claim or loss asserted by any or all transferees of such merchandise or users of the products of such merchandise who are not notified by Purchaser in writing of Limitation of Warranty, Limitation of Remedy, Mandatory Arbitration, Governing Law Jurisdiction and Venue, and Notice Regarding Seed-Borne Diseases in language substantially equivalent to that contained in these Terms & Conditions of Sale.

### PRICES

All prices are subject to change without notice. The price in effect at time of shipment will prevail. Prices do not include installation; Seller takes no responsibility, and shall have no liability for installation. Requests to package seed in unlisted sizes will incur a charge of \$0.75 per packet. Additional processing and handling charges may be added.

### PAYMENT

Payment is due in invoiced currency and in accordance with the terms specified on invoice. In the event of default in the payment of any amount when due, and in addition to all other rights and remedies available to Seller, SELLER SHALL BE ENTITLED TO COLLECT A LATE CHARGE OF 2% PER MONTH (24% PER YEAR) OR THE MAXIMUM RATE ALLOWED BY LAW, WHICHEVER IS LESS, ON ALL AMOUNTS PAST DUE FROM THE DATE DUE UNTIL THE

DATE PAID. A FEE OF \$25.00 WILL BE CHARGED FOR ANY RETURNED CHECK, DECLINED EFT TRANSACTION OR DECLINED BANKCARD TRANSACTION. If paying by Pre-Authorized Debit (PAD), or EFT, please note you have waived your right to receive pre-notification of the amount of the PAD and agreed that you do not require advance notice of the amount of PADs before the debit is processed.

### FREIGHT & HANDLING CHARGES, INSPECTION, DAMAGED GOODS

The freight and handling charge on Purchaser's invoice covers shipment of the merchandise to Purchaser's destination, and replacement or credit for damaged merchandise if the steps listed here are followed. PURCHASER WILL NOT REFUSE OR RETURN GOODS, OR THE RIGHT TO FILE A CLAIM IS LOST AND PURCHASER WILL STILL BE LIABLE FOR THE MATERIAL AND THE FREIGHT. When Purchaser receives shipment: 1) Count all cartons. 2) Inspect all cartons for external damage. 3) Check for open or resealed cartons. 4) Note any damages, shortages, open or resealed cartons on the delivery receipt; the carrier's representative must also sign the receipt. 5) Open all boxes immediately and inspect for damage, such as scorched, frozen or broken plants; material shortages; etc. NOTIFY SELLER IMMEDIATELY IF A SHIPMENT IS DAMAGED. Call the Ball Traffic Department at **800 879-BALL** to report the damage and receive details on what is needed to file a claim.

### CANCELLATION POLICY

Cancellations for unrooted cuttings must be received at least thirty (30) days prior to scheduled ship date. Cancellations for liners or seed-raised plugs must be received prior to stick or sow date.

### NOTICE & RETURN

Seller shall have no liability for any defect unless notice is given promptly, not to exceed thirty (30) days after such a defect is or should have been discovered. The buyer is limited to six months from the ship date to report issues. Issues that arise past six months will not be considered for credit. No merchandise may be returned without the Seller's prior written authorization. Requests to return merchandise must be made within ten (10) days after delivery. All returns must be in accordance with Seller's shipping instructions with freight paid by Purchaser. All requests for return of merchandise must be made to Ball at **800 879-BALL**. The Purchaser will also be asked to provide a letter stating the reason for the return.

The order number or invoice number must accompany the return in order to expedite the credit. NOTE: No seed will be accepted without prior notification to Ball at **800 879-BALL**. Effective immediately, seed that is returned without authorization will not be accepted and credit will not be issued. For all Purchasers in the United States, a FedEx call tag will be issued upon authorization of return. There is a \$10.00 freight charge for the FedEx return. Seed must be returned in the original condition within thirty (30) days of the ship date for full credit. No open packages will be accepted. If seed is returned within

thirty-one (31) to sixty (60) days after ship date, full credit will be given but a 15% restocking charge will be assessed. No credit or replacement will be given for seed returned after sixty-one (61) days from our ship date. Because Ball® Controlled Growth seed is perishable and has a shorter shelf life, no returns of these products will be accepted.

### DELAYS, SHORTAGES & SUBSTITUTIONS

Seller shall not be responsible for delays in delivery or for losses resulting from such delays. Seller reserves the right to make partial shipment. In the event of shortages, Seller may substitute such other, similar merchandise as is available.

### PLANT PROTECTION

Varieties described herein may be covered by the Flowering-Only Terms and Conditions of Sale Agreement, United States Plant Patents, United States Plant Variety Protection, Utility Patents, and Plant Breeders' Rights. These varieties may not be reproduced without authorization. The breeder or authorized representative has the right to inspect Purchaser's nurseries during normal business hours to assess compliance with the restrictions on use of protected varieties.

### TRADEMARKS

### SALES LIMITATIONS

**EXPORT CONTROL**  
THE COMPANY'S PRODUCTS MAY NOT BE SOLD, DIVERTED, TRANSFERRED OR RE-EXPORTED, DIRECTLY OR INDIRECTLY, TO ANY INDIVIDUAL, ENTITY, OR DESTINATION THAT IS SUBJECT TO UNITED STATES OR UNITED NATIONS SANCTIONS PROGRAMS OR EMBARGOES (INCLUDING BUT NOT LIMITED TO OFAC SANCTIONS PROGRAMS AND THOSE LISTED ON OFAC'S "SPECIALLY DESIGNATED NATIONALS" LIST) WITHOUT AN APPROPRIATE EXPORT LICENSE.

**FOREIGN CORRUPT PRACTICES ACT**  
EACH PARTY REPRESENTS AND WARRANTS TO THE OTHER PARTY THAT IT WILL TAKE NO ACTION IN RELATION TO THIS TRANSACTION THAT WOULD BE IN VIOLATION OF THE APPLICABLE LAWS AND REGULATIONS OF ANY COUNTRY AND THE UNITED STATES OF AMERICA. NO PAYMENTS OF MONEY OR ANYTHING OF VALUE WILL BE OFFERED, PROMISED OR PAID, DIRECTLY OR INDIRECTLY, TO ANY OFFICIALS TO INFLUENCE THE ACTS OF SUCH OFFICIALS TO INDUCE THEM TO USE THEIR INFLUENCE WITH A GOVERNMENT OR AN INSTRUMENTALITY THEREOF, OR TO OBTAIN AN IMPROPER ADVANTAGE.

### NOTICE REGARDING SEED-BORNE DISEASES

Seller makes no representation regarding the freedom from seed-borne diseases of the seed sold and disclaims any liability relating to such diseases, whether previously known to exist or not identified until this seed is grown.
