Bonsai as Orchid Companions

by

Wayne Wolfe

Program Starts at 7:00 p.m.

Monday, August 22, 2016

Wayne Wolfe was born in Nebraska. After marrying Sharon in 1962 in Nebraska, they moved to Garden Grove, CA in 1963. Wayne taught high school math until 1970; at that time he went to Orange Coast College (OCC) as an administrator for 17 years and then spent the last 14 years teaching mathematics, retiring from OCC in 2001. Throughout his adult years he has enjoyed his wood shop, building and flying remote control planes, collecting and refinishing antiques, gardening, reading, Sudoku, and recently the art of Bonsai. Wayne has been an active member of the Chancel Choir, and is a Ruling Elder and handyman at the Presbyterian Church of Garden Grove.

Wayne's interest in Bonsai began as early as the late 60's but because of time needed for work, this had to be put on the back burner until about 2006 when he joined Kofu Bonsai Kai. He joined the Orange Empire Bonsai Society in 2013 where he received additional instruction and direction from Bonsai Masters and other experienced Bonsai enthusiasts. He is continuing to learn with every new tree and style he encounters.

Refreshments

Last names starting with **A through H** please bring refreshments.

President's Message

It was nice to be back for last month's meeting. Don Goss gave a great talk explaining how to get the best out of our orchids using different options based on conditions and limitations of our growing space. I can't put any of the information Don provided to good use because I just had my second eye surgery. I have to wait for my eye to heal before I can start doing any gardening or orchid activity.

I am submitting a display entry form for our society to the Huntington Library Orchid Show on October 21 thru 23rd. We will be doing a 8' by 2' 1/2" table top display. If you are interested in participating please let me know. This is an opportunity to express your artistic side. Members who participate either with the display or working at the show will be admitted free to the orchid show and to the Huntington Garden grounds. Please think about representing our society.

Remember a day without sunshine is, you know, night.

See you at the meeting.

John Reyes
